Sample launch

Project brief / version 1.0 / 1 November 2026

Prepare three documents for a fictional product launch.
The material needs a final review before it is shared with the team.

Files to prepare

Project brief - three pages, including the approval form.
Image checklist - one page.
Release notes - two pages.

Review dates

Document review: 5 November 2026
Publication: 12 November 2026

Try a PDF edit

Change the review date, highlight a line, or add an annotation.
Use page organization to move the approval form before the checklist.

Review checklist

A small checklist for the sample launch

Document

Check page order and remove any blank pages.

Text

Confirm the review date and publication date.

Images

Check the final image dimensions and file format.

Data

Review the sample records in project-data.json.

Links

Confirm the website, guide and feedback links.

Approval form
